

Dear Customers,

It has come to Plasma-Therm's attention that there is some potential for brand confusion between three of Plasma-Therm's product lines and the product lines of Advanced Energy Industries, Inc. (Advanced Energy).

To avoid potential confusion, Plasma-Therm is rebranding the following products:

<b>New Plasma-Therm Product Name</b>	<b>Former PT Product Name</b>	<b>Plasma-Therm Technology</b>
Takachi	APEX	ICP, RIE, PECVD
Kayen	Navigator, Navigator 8	HDRF
QuaZar	Pinnacle	Ion Beam Etch / Deposition

Please note that Advanced Energy is the sole owner of all rights to the APEX, Navigator, and Pinnacle brand names.

Furthermore, Plasma-Therm has no affiliation to Advanced Energy. In any case – though the name is changing, you can expect to continue to enjoy the high level of product support that you've come to expect from Plasma-Therm products.

If you have any questions regarding this activity, please contact
